Foreword

The elements of student life, experiences . . . sensations . . . memories, have been ours for the past three years. Such indelible imprints are a part of us now, not to be forgotten or replaced by the future but to be carried within ourselves. So it has been with our predecessors and so, too, it will be with those who follow. To help us retain these impressions of this period of our lives with a lasting vividness is and always has been the purpose of *Beverlega*. The Class of 1962 is privileged to present the twenty-fifth edition of *Beverlega*, which, even as it brings to a close our high school days, serves to make them ours forever.

Administration

B.H.S. is very fortunate to have such an experienced and capable administration system. With the indispensable aid of Mr. Harland Carter, disciplinary officer; Mrs. Edith Carr, School Nurse; Miss Dorothy McClure, Cafeteria Manager; Miss Dorothy Wallace and Miss Susan Allison, office workers; the office aides; and, of course, Mr. William Foley, our principal; the school continues to operate smoothly and efficiently.

They Guided Us Well

Guidance

To the students at B.H.S., the Guidance Department serves as a pleasant and relaxing spot where one may discuss his academic and social problems with his counselor, or browse around, considering colleges, careers, or jobs. With Mr. Frank Root as guidance head, Mrs. Ida Nicolo as clerical worker, the four guidance aides, every sort of assistance is available. This invaluable aid is recognized and appreciated by all B.H.S. students.

Mrs. Corbett gives Linda Hutchinson experienced advice in the guidance office.

Library

The library at Beverly High School, under the supervision of Miss Helen Gay and her staff of library aides, is a source of help to all students. The library is especially useful to those students writing term papers and is as well an excellent source for both research and recreational reading. With its adequate sources and willing librarian, the library has played an important part in the student's preparation.

You say William Shakespeare is dead?

English

Beverly High School is most fortunate in having an especially comprehensive English program. The principal aim of the department is to introduce to all students—general, college preparatory, and business—basic concepts in literature, grammar, composition, and speech. At the same time, any individual creativity of the students is encouraged in the classroom and given further chance to be developed in the school's publications, each of which is under the supervision of a member of the English Department.

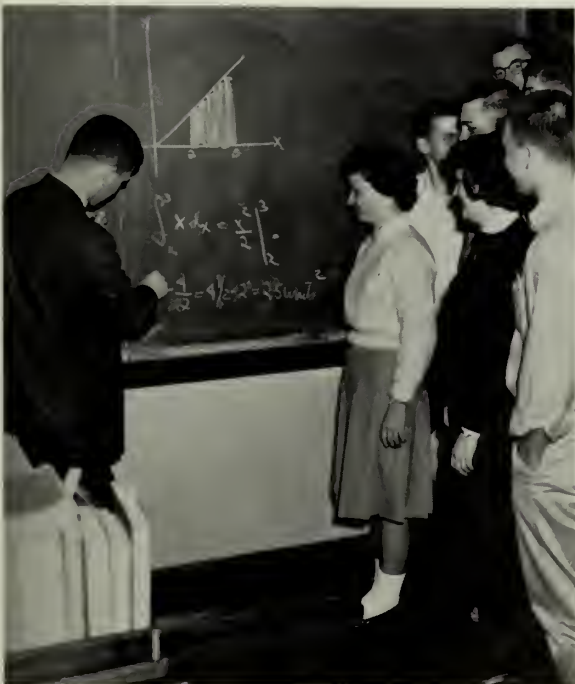

We Learned of Infinity

First Row: Eleanor Brooks, Bertram Leadbeater (head of department), Charles Walsh. *Second Row:* Lee Jameson, David Nathans, and Warland Hersey.

Mathematics

The Mathematics Department, under the direction of Mr. Bertram Leadbeater, offers the student an opportunity to explore the various fields of mathematics. In addition to the basic curriculum, there are other opportunities for budding mathematicians to develop their talent in various math clubs. This year, supplementing the Review Math and Slide Rule Clubs, is the math team, which has been found to give more students a chance to increase their interest and ability in math.

Studied Scientific Methods

Science

The Science Department, under the direction of Mr. Richard Preston, includes well-developed courses for those who wish to study biology, chemistry, or physics. The lab facilities are available to any students who show ability in these fields. Mr. Paul Caradonna and Mr. Philip Kendrick head the Scientific Investigation Club, which is available to students wishing to know the secrets of science. This year, a Physics Projects Club has been started for those students showing special aptitude for physics. There is no specified club, but those pupils expressing an interest in chemistry are able to start projects in the afternoon with Mr. Preston.

Learned From the Past

History

The History Department, under the supervision of John Page, instructs the students in past happenings through its American and world history courses, and in current events through its modern history and problems of democracy classes. In teaching them what people have done and the trends of thought that lie behind these actions, the History Department tries to show the students how history is made and why it has taken the course it has.

Gained Knowledge of Foreign Countries

Doris Teeling, Margaret Story, Eleanor Warren, Elsie Watters, Lila Hennessey.

Foreign Language

The Foreign Language Department, under the direction of Miss Eleanor Warren, provides an opportunity for students to become acquainted with the languages, cultures, and customs of our neighbor countries. Languages offered at Beverly High School are German, French, Latin, and Spanish. Recently a new language laboratory was added to the Foreign Language Department, enabling those studying German, French, or Spanish to develop their speaking as well as their writing abilities. Besides being used as a part of classroom work, the laboratory was made available for use after school and during study periods for those students particularly interested in achieving greater fluency in language.

Trained in Homemaking

Millicent Boswell and Ruth Cluff

Home Economics

The home economics rooms on the third floor are always busy. For the girls who wish to study the art of home-making, the school offers a variety of courses including cooking, sewing, and home and family living. Instructed by Miss Ruth Cluff and Miss Millicent Boswell, the subjects may be taken as the complete home economics course or they may be taken individually as electives. This year the Modern Miss Club, sponsored by Miss Cluff for the second year, was available to girls wishing to further their knowledge in home economics.

Introduction to Business

First Row: Roy Norden, Constance Turlo, Eleanor Lambertson, Margaret Miner. *Second Row:* Rose Brancato, Dorothy Dixon, Evelyn Ricciardi, George Accomando.

Business Education

Our Business Department is designed to create efficient workers for the business world. It teaches the fundamental skills of typing, bookkeeping, and shorthand, along with valuable courses in secretarial practice, office practice, consumer education, and advertising.

This year the Business Department added another teacher, Mr. George Accomando, to join Mr. Edward Deep and Mr. Roy Norden. Miss Eleanor Lambertson, who is the head of the Business Department, conducts the Business Education Service Club. Three teachers are connected with the Beverlega. Miss Constance Turlo guides the Typing Staff, Miss Margaret Miner is the head of the Advertising Staff, and Mrs. Evelyn Ricciardi is in charge of the subscription and sales. Miss Brancato, Senior Advisor, is the business manager of the Aegis; and Mrs. Dixon is the manager of the B.H.S. News.

Keeping Ourselves Physically Fit

Physical Education

Ann Farley and George Taylor

B.H.S. offers a complete athletic program under the supervision of Mr. Charles Walsh. Providing the all-important physical training for B.H.S. are Miss Ann Farley and Coach George Taylor. Besides developing physical skills, this program offers the element of competition in many intramural games. Boys who are especially interested in physical activity may go out for any of the many sports offered or join the Boys' Athletic Club. Girls who wish to further their physical activities may participate in any of the several sports or join the new Girls' Athletic Club, as well as the Girls' Intramural Club.

Art

The Beverly High School art course offers programs in commercial and general art, jewelry craft, and mechanical drawing. If a student does exceptional work, his contribution may be exhibited in a study hall or in the trophy case outside of the office. Miss Bridgess and Mr. LeBlanc are the capable teachers of these courses.

The Cultural Aspects of Life

Eileen Kelley and John Finnegan

Music

For students who have special abilities in music, the music department offers instrumental and vocal instruction. Under the direction of Miss Eileen Kelley and Mr. John Finnegan, the band, chorus, and orchestra offer an opportunity for students who are interested in group performance.

General Shop

In the General Shop program, Mr. Winqvist teaches the art of woodworking, and Mr. Shea teaches metalworking. They both strive to impress upon the boys the care and use of tools, correct construction and finishing methods, and the need for safety in all their endeavors.

General Shop is available to all students who plan to enter careers directly following the college preparatory or general courses.

Led by Experienced Teachers

Beverly Trade School

Beverly Trade School, one of the few of its kind in the area, is set up to train boys to be skilled workers in many fields. To accomplish this, the full staff of instructors teach courses in cabinetmaking, auto mechanics, machine shop, carpentry, patternmaking, printing, and sheet metal. In addition to these manual arts, courses in English, history, economics, and hygiene are offered; and trade drawing, related math, related science, and trade topics round out a well-planned, well-guided, and useful education.

Twenty-fifth Anniversary

Beverlega

1962 marks the twenty-fifth printing of BEVERLEGA. Through a brief comparison of the first yearbook in 1937 and the 1962 edition it is obvious that BEVERLEGA's history has been one of progress and expansion.

BEVERLEGA, or THE AEGIS, as the book was entitled in 1932, was the sixty-three page Senior Edition of the AEGIS literary magazine produced under the supervision of Mrs. Helena Corbett. The enterprise was indeed a daring one with exceptionally good results, considering the many obstacles and handicaps which had to be overcome. Still, there were those problems including a lack of professional photography, and because of them the book, as might be expected, was a far cry from the elaborate two hundred page production of today.

Although a survey of the edition produced over the past twenty-five years reveals numerous technical changes, such as the various themes and the title which was THE AEGIS and then SENIOR MEMOIRS before it became BEVERLEGA, the fundamental pur-

of Our Yearbook

pose of the book has remained the same: to record in a photo-journalistic fashion a year of student life at Beverly High School.

This year such a recording was made possible through the guidance of Miss Isabel Harriman, general advisor, Mr. William Cooper, copy advisor, Mr. Francis LeBlanc, art advisor, Miss Constance Turlo, typing advisor, Miss Margaret Minor, advertising advisor, and Mrs. Evelyn Riccardi, subscription advisor. The production was a cooperative effort of these faculty members and Susan Nelson, editor-in-chief, and her editorial board consisting of William Bagley, layout editor, Ellen Fiske, art editor, Margaret Dougherty, photography editor, and Judith Troop, copy editor. These people, along with all the members of their various committees, through their work during the entire year, were able to assemble this beautifully bound edition which we hope will be placed high on the list of the best Beverlega publications of the past quarter century.

Aegis

Aegis' loss was the Guidance Department's gain when Mrs. Helena Corbett, the advisor and impetus behind the magazine for twenty-five years, found it necessary to relinquish her post in order to devote more concentrated attention to the school's ever-increasing amount of guidance work. In her place we welcome Miss Jean Donovan, a new addition to our English Department this year. The AEGIS Assembly, presented during the annual drive for subscription to the publication, proved to be, as always, one of the highlights of the year. Under Miss Donovan's supervision, the well-known and popular magazine of creative writing, sports, art, editorials, and humor was issued four times during the year, with each issue we hope, upholding the traditional quality and high standards maintained by Mrs. Corbett for so many years.

Student Council

The governing body of Beverly High School is the Student Council. All student affairs and problems in the operating of the school are acted upon by this body. A representative and alternate are elected from each homeroom in the school and also seven members-at-large, four seniors and three juniors, who are chosen from the members of the previous year's council. All students are encouraged to participate in the Student Council by offering suggestions for school improvement through their homeroom representatives. These suggestions are then brought up at the Council, which meets every other week.

The Student Council has conducted several projects, such as the fall Kick-Off Dance, the Spring Prom, school book covers and folders, purchase of school equipment, buses to football and basketball games, the Eldridge Fund for ill students, and the publication of the *B-Hive*. This year a pep committee was formed to promote interest in all sports: basketball, hockey, track, and baseball.

The Council belongs to the Eastern Massachusetts Division of Student Councils and the National Association of Student Councils.

Practicing Teaching Methods

Future Teachers of America

The Future Teachers of America Club, under the direction of Mr. Emery Hollerer, is part of a national organization promoting interest in the teaching profession. Because of the large number of interested students, this year's club had to be divided into two sections, (1) sophomores and (2) juniors and seniors. This year each student spent one activity period teaching a practice class made up of the other members.

Math Team

This is the first year Beverly High School has appeared in the mathematics league. Once a month the team travels to a different school to compete with others. Topics for the meet are chosen by the faculty members of the member schools in the league. Beverly's team is selected from the squad each month by a series of tests. The league offers prizes at the end of the year for top-scoring students. Also members gain personal rewards: experience and sportsmanship in competition, knowledge in mathematics, and team co-operation.

Mu Alpha Theta

Mu Alpha Theta is a national organization for those particularly interested in the field of mathematics. This was the first year Beverly High School participated in this club. To be eligible to join a student had to have a "B" average or better in math. The students discussed and studied such things as computers, the binomial system, and math problems.

Talent Show

The annual B.H.S. talent show was an event which students and teachers alike anticipated. The faculty advisor was Mr. John Finnegan and Michael Harrington, President of the Student Council, served as Master of Ceremonies. Numbers performed included: dancing by Karen Lewis, Trinette Singleton, Marian Zawacki and Gerry Powers; vocals by Cynthia Jones and Marylee Trovsky; a baton twirling number by Janice Sillars and Theresa LaBonte; a monologue by Barbara Cagan; instrumentals by Dana Sattin, Richard Kania, Karen Ghen, and Richard Eramo; and a Rock and Roll combo including Tom Cellineri, Al Belmonte, John Lewis, and Joe Gerstel. Accompanists were Carolyn MacArthur, Karen Ghen, Barbara Cagan, and Gail Kreusel.

The language clubs provided opportunities for the foreign language student not only to supplement his classroom instruction with outside practice but also to get acquainted with the country whose language he is studying. Such activities as games, movies, and skits constitute a typical program of this kind of organization. The two clubs, German and French, were under the sponsorship of Miss Eleanor Warren and Mrs. Lila Hennesey.

Under the supervision of Mr. Emery Hollerer, this new club conducted bi-monthly meetings. While it was impossible for the members to ride regularly, they read and studied principles of horsemanship and became acquainted with the more important events in the horseman's world. In better weather they plan to ride as a group. Several riding trips to be taken in the spring were planned during the course of the year.

Scientific Investigation Club

Are you suffering from lack of energy?

In the Scientific Investigation Club the student was given a chance to satisfy his curiosity for scientific facts by working on research projects, attending conferences on subjects of scientific nature, and watching various movies. It is hoped that through this inquiry into the mysteries of natural phenomena, his curiosity will be stimulated into an active interest and his previous misconceptions will be replaced with more accurate knowledge. The club functioned under the direction of Mr. Philip Kendrick and Mr. Paul Caradona.

Physics Projects

Although this is the first year, Physics Projects has proven to be a valuable addition to group activities. This club offers those physics students who do not have enough laboratory time in class the opportunity to satisfy their natural curiosity about physical science. The group has performed such famous experiments as Michelson's Interferometer and Foucault's Pendulum and also have aided in setting up experiments to be done in class. Mr. Anton Kishon is the club advisor.

The Business Education Club, under the supervision of Miss Eleanor Lambertson, met once every month during the course of the year. The purpose of this club was to acquaint its members with the various operations and methods followed in the world of business. Speakers, either visitors from business schools or graduates of Beverly High School, often attended the meetings. Other activities included the showing of films concerning business and business schools. The Business Education Club also provided clerical assistance to various teachers and to the office. Joyce DiStefino, President, and Helen Copelas, Secretary, were the officers of this club.

Service Clubs

The Art Service and Student Service Corps were two clubs whose primary interest was helping others. Asking nothing for themselves, students gave of their time for the benefit of school and community.

The Student Service Corps was a vital group of school volunteers who, directed by Mr. Foley, carried on much necessary work for their school as well as their community. Its members helped Beverly High School by ushering at various functions, such as Parent's Night and Drama Night, by welcoming visitors, and by giving out programs. The town of Beverly received its services on fund-raising campaigns and in the YMCA.

Under the supervision of Miss Bridges, members of the Art Service Club supplied the school with the many colorful posters that were seen throughout the building announcing dances, Drama Night, and the Senior Play. Besides stimulating attendance of the various functions, the club served to encourage talented students to exercise their creative ability.

Dramatic Club

The members of the Dramatic Club were divided into three main groups which studied three main aspects of the drama: make-up, directing, and acting. Two special activities during the year were a trip to Boston to see a well-known play, and a picnic at the close of the year.

The club, under the supervision of Mr. Douglas Rowe and officers: S. Workman, President; G. Powers, Vice-President; J. Porter, Secretary; and K. Burr, Treasurer, met twice a month.

BEVERLY HIGH SCHOOL

The Beverly High School Band and the Beverly High School Baton Squad, working co-operatively, produced the fine half-time shows, which were so much a part of the football games. They also march in several parades throughout the year.

The band has been very active this year. For the first time the band has elected officers: president, Thomas Cook; vice-president, Joseph Kennedy; treasurer, Norman Gamble; secretaries, Sally Robie and Patricia Goss. The members of the band spent much

time, in and out of school, in preparation for their performances. Wherever it went, on the stage, football field, or Boston Garden, the Beverly High School Band was a credit to its school.

At the front of the band, the baton squad members entertain at football games and parades. These girls, who work hard and practice all summer, bring color to the band's music and are a very important addition to these appearances.

Drivers' Education

An extra-curricular activity which has grown progressively popular was the drivers' education class offered to students eligible to apply for a driver's license. In the classroom, driving theory, courtesies, rules, and laws were taught, while on the road the students learned the actual handling of a car. At the end of the course, the students were eligible to apply for a state driving test, and all were entitled to reduced insurance rates.

CO-CAPTAIN Robert Ellis

The 1961 football team has carried on the Beverly High School tradition of victory. Led by Co-Captains Walter Grant and Robert Ellis, the "Golden Warriors" won eight decisive games over a set of formidable opponents. In recognition of their outstanding sportsmanship, William Carr received the McClean Trophy, Walter Grant the Birmingham Trophy, and Anthony Witwicki the Italian Community Center Trophy. The success of this football season has made us justifiably proud of the team that played so well and the coach who trained them.

Boys' Basketball

Beverly High's boys' basketball team had a victorious season with but two exceptions—both defeats coming at the hands of Haverhill. Under the expert coaching of Mr. George Taylor, the boys traveled for the fourth time in five years to the Boston Garden for the Eastern Massachusetts Tech Tourney.

With its final record of 12-2, Beverly shared the Essex County League Championship with Haverhill High School.

The junior varsity, under the direction of the new coach, Mr. Robert Michel, turned in a promising 9-3 season.

Hockey

Under the supervision of Coach John Barry the Beverly High School hockey team has maintained a successful record during the 1961-1962 season. As a member of the Essex County Division of the North Shore Hockey League, Beverly has performed well against several outstanding teams. With the majority of the team returning next season, we may look forward to another good year. Since hockey has become a major sport at Beverly High School interest has been growing and will continue to grow in the exciting sport.

UNDERCLASSMEN

Sweet, Subservient and Unsuspecting . . .

Sophomores

We, the Sophomores of 1961-1962, have spent our year at Beverly High School conscientiously striving for success, progress, and happiness. Working together, we have witnessed the Sophomore Dance, the large attendance of Sophomores at school functions, and the excellent work of our class officers and executive board. While adjusting to the life at B.H.S., we encountered problems which at first seemed to us insurmountable. The strict curriculum has involved more of our time and effort, but we continue to strive for goals because we anticipate greater rewards.

Juniors

In September of 1960 B.H.S. was to each of us an unknown quantity—a maze of strange doors, corridors glistening in artificial light, people we had heard about but not known. We embarked on our sophomore year.

September, 1961. We returned, veterans. The halls were no longer strange, the system of myriad pass slips, work slips, and detention assignments no longer baffling—but all too familiar. Still there were new people to meet, new subjects to attack, new experiences to enrich our lives. We have met them, and we are victorious. Never to be forgotten are our dances, our star athletes, our classes, and our friendships. Junior year has come and gone with an unaccountable speed—the speed which belongs to Time alone.

As for September, 1962, that is the future—ours to speculate, ours to imagine, ours to dream and ours to live when the future becomes the present. With a spirit common to B.H.S. and to our class, we shall come, see, and conquer once more.

ADVERTISEMENTS

Compliments
of
WARLAND R. HERSEY

(Advisor, Class of '62)

In grateful appreciation to the Class of 1962, as fine a group of students as I have ever had the pleasure of knowing and working with. My sincerest wishes for your every success and happiness.

Summer Supplement 1962

1962 CLASS SONG

WORDS/MUSIC: JOEL CASSOLA, '62

1. 2.

1. Light but sad our hearts are, to leave
2. Facts are soon etc. hearts are, to leave

these hal-lowed halls. Re - luc - tant-ly de-

part-ing, to us the fu-ture calls. We have

crossed the bay; the o - cean, the great tu-mul-tuous

deep lies crash-ing be - fore us, a-rousing us

from our sleep. 3. We will nev-er leave you,
3. He who seeks etc.

our school, though now we part; De - spite

the miles be-tween us, you're with us in our hearts.

3. face much earthly strife. But he who FIND-ETH

know - ledge, find - eth life.

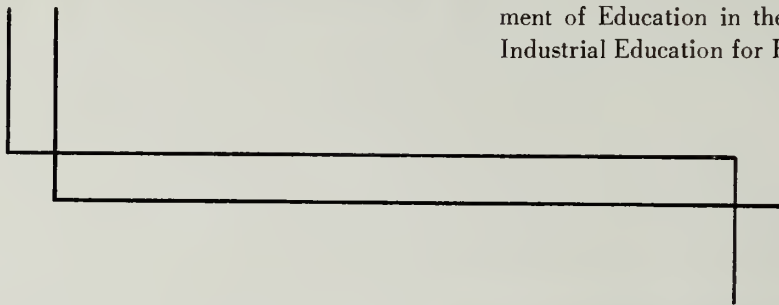

Dedicated Men

MR. CLAUDE PATTEN

Our best wishes go out to Mr. Claude Patten, long time Director of Beverly Trade School, who has retired from his position to serve on the Beverly School Board, where he felt he could best carry on his interest in education. For twenty years he was a dedicated teacher of patternmaking before he served as director of the Trade School for a period of seventeen years. Feeling that vocational education is essential to meet the needs of all youth, Mr. Patten devoted himself to that cause. Despite many setbacks, he met every crisis to make Beverly Trade School an effective functioning organization. Throughout his career Mr. Patten has gained the respect of teachers and pupils alike who realize that their school has lost a fine leader.

The directorship has been turned over to Mr. Joseph D. Brucci, former member of the Supervisory Staff of the Massachusetts Department of Education in the Field of Trade and Industrial Education for Boys.

MR. DAVID NATHANS

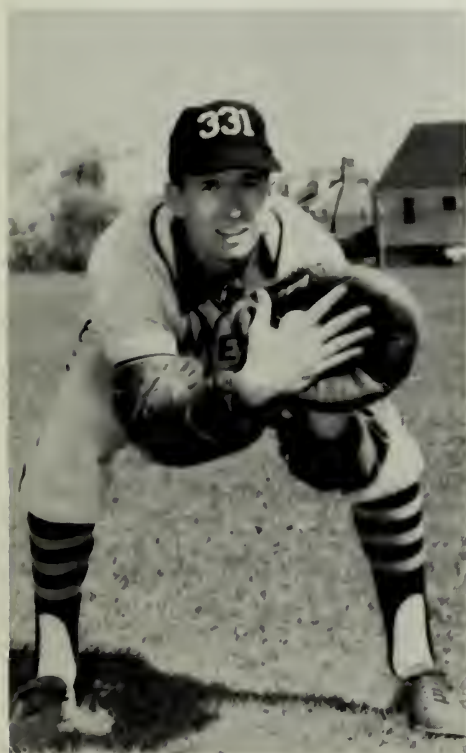

Because of Mr. Hersey's departure in February, the Senior Class was left without a father for the remaining half year. Having had much experience as a class advisor of the Class of 1961, Mr. Nathans stepped into the position of Class Father of 1962. For his expert and wise advice both in financial and social matters, the Class of 1962 expresses its deepest gratitude.

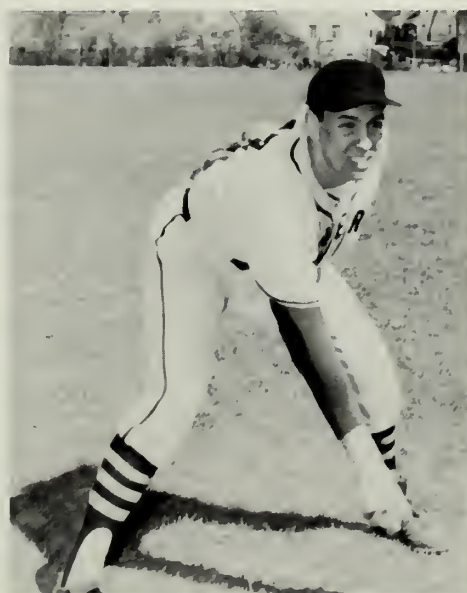

1962 Baseball Team

First Row: T. Gallagher, R. Shepard, K. Overberg, D. Cucinelli, W. Wilkins, M. Ryan, K. Burke, R. McCarthy, A. Gaynor. Second Row: W. Gannon, D. Weaver, C. Overberg, R. Wallace, J. Hendrickson, S. Harrington, M. Harrington, D. Manuel, D. McKenna, T. Cockfield, K. Rich, M. Drislane, L. Frost, Coach George Taylor.

What an unusual hat size!

You want my goof ball?

Under the able leadership of Coach George Taylor, the Baseball Team made a commendable record of eight wins and three losses. As a result, they finished second in Essex County. Also, this was the first time in many years that Beverly entered the state tourney.

My, what a big fly!

Spring Track Team

Watch it with that javelin!

Airborn!

Hold this pose, you say?

Spiritedly led by Coach William Jenkins and Captain Larry Scanlon, the 1962 Spring Track Team succeeded in attaining a 7-0 undefeated record. Their outstanding achievements gained them the Essex County Meet Championship and the Essex County League Championship. The team this year was, in the coaches own words, "... the best Spring Track Team Beverly has ever had."

First Row: Coach William Jenkins, J. Maloney, D. Vitale, A. Rizzo, G. Turner, W. Burch, A. Alexander, N. Murray, K. Morse, G. O'Shea, T. Page, R. Pierce, N. Komich, J. Delisio, A. Witwicki, R. Ellis, W. Norris, L. Scanlon, B. Consolazio, A. Cheeseman.
Second Row: D. Satin, J. Biggs, B. Raymond, B. Killeen, J. McPherson, R. Ouelette, B. Annis, W. Pizenni, F. Pitman, E. Deroose, T. Teeter, N. Rand, T. Lemire, D. Crowell, J. Corning, J. Smithers, P. Di Angelo.

Golf and Tennis Teams

First Row: R. Baxter, G. Thomas, T. Carnevale, B. Shea, R. Morneau, E. Payson.
Second Row: Coach Robert Brown, A. Conte, R. Brown, R. Anderson.

Golf

The Beverly High Golf Team under Coach Robert Brown had a winning season of nine victories and six losses. It was a fine, solid team and it is rather unfortunate that so many of the members are being lost as graduating seniors.

First Row: D. Allen, D. Newhall, D. Gerrin, R. Woodbury, R. Andreas. *Second Row:* C. Yeo, P. Schleiman, Coach Wayne Raymond, M. Coughlin, D. Ray.

Tennis

Out of ten games the Beverly High Tennis Team won six, their losses being to Newton North and Brookline, who were tied for first place. Captain David Newhall had an undefeated season under Coach Daniel MacInnis and is recognized as one of the most outstanding student players in Massachusetts.

Spring Prom: "Gay Paree"

On April 28, 1962, Rudkin Gym was magically transformed into a gala section of Paris.

Accompanied by Lou Marino's Orchestra, everyone danced away an enchanted evening in the colorfully decorated city of "Gay Paree." The dance was climaxed by the crowning of Jane McGarr as Queen of the Prom by Student Council President Mike Harrington.

Dancing under the stars!

Class Officers lead the Grand March.

Senior Reception

Rudkin Gym, gaily decorated in blue and pink, was the scene of the Seniors' last dance, the Senior Reception, on June 15, 1962. The Junior class beautifully carried out the theme, "The Old South," with a sky of blue crepe paper and silver stars and a columned porch with reflected pink light for the chaperons. The Lou Ames Orchestra played from the deck of a showboat as the Seniors danced for the last time as Beverly High students. After the receiving line, the Grand March climaxed the evening.

Are you sure we're at the right dance?

Slow, slow, quick-quick, slow . . .

Senior Graduation

Setting a precedent with the girls in white and the boys in blue, the graduates marched into the auditorium on Thursday, June 14, 1962. Following the invocation by The Reverend Curtin and the welcome by Class President Robert Wallace, Carolyn MacArthur played Etude in C Sharp Minor by Chopin as a piano solo. The Honorable Thomas Wickers Jr., Mayor, then made a few remarks and congratulated the graduates. After the Beverly High School Orchestra played "Show Boat," William Park, the president of Simmons College, gave his address, "Living in an Anxious Age." An excellent speaker, Mr. Park mixed advice and humor as he gave three fundamental truths for the graduates to follow. The Senior Chorus then sang "Joshua Fit the Battle ob Jerico." The highlight of the evening, the presentation of 402 diplomas, followed. The class song and the recessional ended the graduation exercises.

The beginning of the end.
